

California Complete Count – Census 2020 Webinar on Rural Communities for Census 2020

California Complete Count - Census 2020 invites you to participate in a webinar about State, Federal, and local efforts to achieve a complete count in California with a focus on rural communities.

- Learn about the unique challenges facing rural communities due to the first ever “digital census,” and other factors impacting hard-to-count communities in rural regions.
- Share and discuss best practices and lessons learned for outreach and engagement.
- Explore opportunities for collaboration among other rural counties, community partners, and the State to make sure rural communities are counted in Census 2020.
- Hear from State and Federal representatives about the importance and benefits of engaging in the 2020 Census and important timelines to educate, motivate, and engage.

Date: February 21, 2019, 10:00 am – 11:30 am
