

Residents throughout California are struggling to find home insurance. Here's how you can help.

The MatchUP Insurance Finder is a pathway to home insurance.

The service was chosen by Governor Brown's Tree Mortality Task Force Insurance Sub-Group as a preferred insurance access solution.

How you can help California residents and homebuyers:

- Tell homeowners in your county about this **free service**. They can get a home insurance quote in minutes through their county page at: <https://matchupinsurancefinder.com/> or by calling (877) 469-0977
- Public Service Provided: County Supervisors and Officials can host their own county webinar to assist their constituents and communities. Presenters normally include Cal Fire, United Policyholders, Supervisor or local Official and Insurance Professional covering both consumers and business
- Contact us directly for details and to schedule your county webinar:
Call (415) 660-9049 or email chris@yapacopia.com

Homeowners and homebuyers in high-risk fire zones and all around the state have increasingly been unable to find and buy insurance to protect their homes.

MatchUP Insurance Finder is a free service that connects people in the market for home insurance—including those that have been denied previously—with independent insurance professionals. Key benefits to residents in California county include:

- A pathway to home insurance
- Personalized customer service with an expert
- Information, links and useful tools to protect their families and access the insurance they need
- Supporting local economies and creating a donation from our service to United Policyholders, an insurance advocacy non-profit assisting California residents for over 28 years, with every policy created

About Us - We believe in business for good

Yapacopia is a Public Benefit Corporation and provides the MatchUPinsurancefinder.com as a free service. We support local insurance agencies providing solutions for local consumers. Our service drives economic value back into the community and creates a donation to charity with every transaction.

What County Supervisors are saying about this tool:

"When I get calls from constituents who've been slapped with premium hikes or non-renewal notices, I refer them to the MatchUP Insurance Finder".

- Jim Steele (Lake County, Supervisor District 3 retired)

*Quote from Los Angeles Times article: "As California fire disasters worsen, insurers are pulling out and stranding homeowners", Aug 31, 2018

"My constituents and other residents of Mariposa County need to search for new home insurance much more frequently as companies leave our market. The Insurance Finder offers an easier and faster way for them to find insurance coverage with providers they may not have thought to contact."

- Rosemarie Smallcombe (Mariposa County, Supervisor District 1)

"United Policyholders and the MatchUPinsurancefinder.com tool has been a godsend for many residents of Placer County--rural and urban--who have been non renewed or cancelled by their insurers. Our residents have been able to find multiple options for reasonably priced insurance coverage."

- Jennifer Montgomery (Placer County, Supervisor District 5 retired)
