AGENDA

CENTRAL VALLEY FLOOD PROTECTION BOARD WORKSHOP

February 14, 2020 – 10 a.m.

West Sacramento City Hall, 1110 W Capitol Avenue
West Sacramento, CA 95691

NOTE: The Board will consider timed items as close as possible to the listed time, but not before the time specified. Untimed items may be considered in a different order upon determination by the Board President. All items appearing on this agenda may be subject to Board action, whether or not expressly listed as an action item.

Members of the public shall be provided an opportunity to address the Board on any agenda item except closed session items. Comments made during the public comment period should be limited to matters within the Board’s jurisdiction. Reasonable time limits may be established for public comments (Government Code Section 11125.7).

Background for agenda items is available on the Board website at www.cvfpb.ca.gov

Anyone may request a printed copy of background or other material on an agenda item that has been distributed to the Members of the Board. A fee covering the cost of the provision of such materials may be charged. If reasonable accommodation due to a disability or language assistance is needed, please contact the Office of Work Force Equality at (323) 848-9801 at least one week prior to the meeting.
1. WELCOME, INTRODUCTIONS, AND ANNOUNCEMENTS

2. ROLL CALL/ESTABLISH A QUORUM (Water Code § 8560)

3. PUBLIC COMMENT (non-agenda items only)

4. 2022 CENTRAL VALLEY FLOOD PROTECTION PLAN UPDATE

   A. San Joaquin Basin Challenges (Eric Tsai, Acting Chief, DWR, Central Valley Flood Planning and Project Feasibility Branch; Romain Maendly, Senior Engineer, DWR, Climate Change Program)

      DWR staff will present existing and future flood-related problems in the San Joaquin Basin, with a focus on climate change related risks.

   B. San Joaquin Basin Findings (Eric Tsai, Acting Chief, DWR, Central Valley Flood Planning and Project Feasibility Branch)

      DWR staff will present the wide range of solutions that were studied in the San Joaquin Basin-wide Feasibility Study and 2017 Central Valley Flood Protection Plan (CVFPP) Update, summarizing key findings and lessons learned.

   C. San Joaquin Basin Recommendations (Eric Tsai, Acting Chief, DWR, Central Valley Flood Planning and Project Feasibility Branch)

      DWR staff will present the portfolio of solutions that were ultimately recommended for the San Joaquin Basin, as part of the San Joaquin Basin-wide Feasibility Study and 2017 CVFPP Update.

   D. 2022 CVFPP Update Overview and Approach for Studying San Joaquin Basin Climate Change Resiliency (Mary Jimenez, Acting Chief, DWR, Systemwide Multi-Benefit Initiatives Office; Romain Maendly, DWR, Senior Engineer, Climate Change Program; David Arrate, Chief, DWR, Integrated Modeling Section; Mike Anderson, DWR, State Climatologist; and Eric Tsai, Acting Chief, DWR, Central Valley Flood Planning and Project Feasibility Branch)

      DWR staff will present an overview of the 2022 CVFPP Update including the continued study of San Joaquin Basin climate change vulnerabilities and adaptive management as part of the 2022 CVFPP Update and related studies. Workshop participants are invited to provide input and feedback on the proposed approach to study climate change in the San Joaquin Basin as part of the 2022 CVFPP Update.

5. PUBLIC COMMENT

6. ADJOURNMENT
