

Opportunities for Partnership

Tribal Communities in Rural California

Serving Rural California Founded in 1972, the Rural County Representatives of California (RCRC) is a 40-member county service organization championing rural policies at the state and federal levels. Rural counties face unique challenges when dealing with state and federal policies. The greater distances, lower population densities, and geographic diversity of RCRC's member counties create unique obstacles. Many of these obstacles are shared by local Tribal jurisdictions. For those reasons, "one-size-fits-all" policies don't work.

Our Vision RCRC is the premier advocate and innovative service provider for rural counties in California.

Our Mission RCRC is dedicated to representing the collective unique interests of its membership, providing legislative and regulatory representation at the state and federal levels, and providing responsible services to its members which will enhance and protect the quality of life in rural California counties.
